To Dissolve Pastoral Relations.

A meeting of the Presbytery of St. Clairsville will be held at the Presbyterian church at New Athens on Thursday, March 21, to dissolve pastoral relations between Rev. Leonard Twinn and the churches of Short Creek and Wheeling Valley, and to grant him a dismissal to the Presbytery of Washington.

The Bostonians Will Not Be Here.

The proposed Elks' opening of Wheeling Park May 20 and 21, with the Bostonian Opera Company as the attraction, has been abandoned. The lodge understood that the Bostonians were as good as engaged, but the managers of the opera company changed their plans and concluded to close their season several weeks earlier than they had intended to, and consequently they will not come here, and the Elks will have to make other arrangements.

The Next Epworth Convention.

The board of control of the Wheeling district Epworth League held a meeting yesterday afternoon at Fourth Street M. E. church. It was decided to hold the next convention at Cameron on May 9 and 10. A programme was arranged, embracing many live league subjects, which will be discussed by the pastors and laymen. They expect to make the convention a successful affair. The Cameron people promise to take good care of the delegates.

They Wanted Free Tolls.

Yesterday the county commissioners' committee on roads and bridges had a meeting at which a number of residents on or near the river road were present by invitation. Some of the country people who use the river road petitioned for a release of all toll charges, but in the discussion yesterday about as many others thought tolls should be charged, and as the committee did not see the justice in remitting tolls on one road unless they were remitted on all, no action was taken.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows:

March 7, by S. L. Brice and wife to John A. Holliday, sr., for \$300, part of lot 6 in square 15 in Caldwell's addition.

March 7, by S. L. Brice and wife to James C. Holliday and other heirs-at-law of John A. Holliday, sr., deceased, for \$1,375 and certain other considerations, parts of lots 6, 7 and 8 in square 15 in Caldwell's addition.

Wheeling People Interested in the Mine.

Among the large stockholders in the Old Abino mine, where the terrible disaster already chronicled happened, are Messrs. Anton Reymann, Gibson Lamb, M. L. Ott and Joseph Seybold, of this city. They received no private advices in regard to the accident, but what they saw in the newspapers caused them regret. They all said that if the men would escape alive they would not care so much for the financial loss, although the damage to the property must entail a very serious loss.

A Pleasant Surprise.

One of the most pleasant surprises that ever was given in honor of Nail City Lodge No. 10, Brotherhood of Railroad Trainmen, took place at their lodge room Monday evening, at the corner of Twenty-sixth and Chapline streets, in Walter's hall. The surprise was a fine, handsome Bible, book-mark and cover given to the members by their wives and mothers. The following was the programme during the evening:

"Nearer, my God, to Thee," played by the organist, Miss Tishie Connell, after which Mrs. George St. Myers, of No. 57, Ladies' Auxiliary, Brotherhood Railroad Trainmen, made the presentation speech, which was delivered in a very eloquent manner. Following was a selection of music, and an address was made by a visiting member, Mrs. O. H. Grigby, of Chicago, Columbia Lodge, Ladies' Auxiliary, Brotherhood Railroad Trainmen. The impression she left on the audience will be long remembered by all, especially by the railroad boys. Her sister, Miss Tishie Connell, then delivered a recitation, "Our Heroes." The manner in which she spoke of the railroad boys was very sympathetic and highly appreciated. Mr. John Stenard, the financier of the lodge, made a speech in regard to the present, and also on the work of the order, in behalf of the officers and members of the lodge. Following him Mr. Frank Cooper, as the candidate, went through a mock initiation, which was an enjoyable feature. A recitation was given by Mr. Richard Fisher, "Since Bill Joined the Church." The boys extended their thanks to their lady friends for what they had done, and the evening's entertainment was closed by singing "God be with you till we meet again." The pleasant surprise will be ever remembered by all who were present.

WHAT DOES IT MEAN?

The United States Glass Company Gives Out a Contract.

NEW ROOF FOR THE HOBBS' PLANT

On the South Side to be Put On as Soon as Possible—Looks Like a Resumption With Non-union Labor. Improvements at the the Central. Developments in the Near Future Are Now Looked For—At the Buckeye.

The union glassworkers of the city have been watching with anxiety the improvements being made and the general "cleaning up" that has been going on at the Central glass works, "Factory O." of the United States Glass Company, and it has been held by many that this foretells of the resumption of both the local factories of this company with non-union men. It was said that the United States Glass Company was only waiting to see how the Buckeye, over in Martin's Ferry, succeeded in the battle with the union people to determine its line of action in regard to the local plant.

For some time it has been said also that improvements would soon be started at the old Hobbs plant, "Factory H," on the South Side, and the union people, or a number of them, have said that that would be a tolerably fair indication that the United States people intend to again start up the local plants. Yesterday it was learned that the company had given the contract for a new roof at this plant to T. Hall for \$1,000, and with the provision that the work is to be completed as soon as possible.

Glassworkers of the southern part of the city and business people too, think that this means a resumption and a fight with non-union workmen is looked for. The indications are surely for a resumption—why these improvements, otherwise? The United States factories elsewhere are run with non-union men—so will the Central and Hobbs if they are to be started.

The local union glassworkers still feel confident that they will win in their fight with the United States company; that ultimately the company will have come to terms with the American Flint Glass Workers' Union. Developments will be watched with interest.

THE BUCKEYE TROUBLES.

Hearings of Some of the Accused and Warrants out for Others.

Last night three union glassworkers were up before Mayor Westwood. Harry Keller pleaded guilty to disorderly conduct and flourishing a revolver on Saturday and was fined \$10 and costs, and Ed Jones got the same amount for assaulting Will Weidman, an employee at the Buckeye glass works, on Saturday.

Harry Barrett, who was charged with insulting Misses Edith Kelley and Mame McGuire on Saturday evening while on their way from the Buckeye, was given a hearing and dismissed. The two young ladies testified as to what he had said and their testimony was contradicted by Barrett and four glassworkers.

Charles Rizer, another flint, is charged with using profane language to two girls and will have his hearing to-day.

The case of John Willard and William Brown, two non-union men charged with carrying concealed weapons, has been set for Friday.

Warrants are out for the arrest of B. Mounts, George Gillespie, W. W. Everett and Bert Bucy, charging them with disorderly conduct on Saturday evening.
